Permit #: _____
Account #: _____
Account Status* _____
<b>*Delinquent accounts are not eligible for recertification.</b>
<b>RIDGEWOOD WATER USE ONLY</b>

Dear Smart Controller Permit Holder,

Thank you for watering smart. The 2021 conservation program was successful. As a result of your water saving commitment, 2021 summer demand was sustainable for Ridgewood Water Operations. To insure that your water saving commitment continues, please complete and return the form below to re-certify your system for 2022. Kindly include your email address where indicated so that we may have it for our records. **PLEASE RETURN BY APRIL 1, 2022. Failure to do so, will result in your exemption permit being voided.**

**By signing below, I attest that my smart controller system has not changed and agree to the smart controller permit conditions and requirements for smart irrigation control, and certify that my system has been programmed based on proper sprinkler head data, soil conditions, plant and irrigation data.**
