

# **NOTICE OF CONSTRUCTION ACTIVITIES**

**Re: Utility Right-of-Way Water Main Replacement**

January 29, 2024

Dear Resident and Ridgewood Water Customer:

As part of Ridgewood Water's (RW) ongoing effort to provide you with safe and reliable drinking water, RW has contracted with Shauger Property Services, Inc. (Shauger) to complete water main improvements within the PSEG right-of-way from Spring Avenue to just north of East Ridgewood Avenue as well as a small portion along Dunham Trail just south of Spring Avenue. Improvements include the upsizing of an existing water main along with installation of a new raw water main (for PFAS treatment). Approximate limits are shown on the attached map.

Construction is scheduled to begin on or about **Wednesday, January 31, 2024**, and is currently scheduled to be completed on or about **April 15, 2024**. Village of Ridgewood requirements allow work between 7:00 am and 6:00 pm, Monday through Friday. During this time-frame, traffic flow is anticipated to be impacted, with detour routes planned to divert traffic around the construction area. Construction activities will require road closures; however, immediate local traffic will be provided access. Street access will be reopened each day and will be maintained during daytime hours.

We regret any inconvenience and appreciate your patience and cooperation.

Please do not hesitate to contact the office of Ridgewood Water at (201) 670-5520 should you have any questions or require further clarification. In the event of an emergency regarding the upcoming work please contact Brian at the number below.

Sincerely,

---

Brian DeCesare, Project Manager
