

NOTICE OF CONSTRUCTION ACTIVITIES

Carlton Rd. and Hartung Dr. Water Main Replacements

January 30, 2024

Dear Resident and Ridgewood Water Customer:

As part of Ridgewood Water's (RW) ongoing effort to provide you with safe and reliable drinking water, RW has contracted with Shauger Property Services, Inc. (Shauger) to complete water main replacements along Carlton Road and Hartung Drive between Weymouth Drive and Covington Place and terminating along Hartung Drive. Improvements include the installation of a new water main as well as residential water service connection replacements, all located in the public Right of Way. Approximate limits of work are shown on the attached map.

Construction is scheduled to begin on or about **Monday, February 5, 2024** and is currently scheduled to be completed on or about **April 15, 2024**. Township of Wyckoff permit requirements allow work between 7:00 am and 6:00 pm, Monday through Friday. During this timeframe, traffic flow is anticipated to be impacted, with detour routes planned to divert traffic around the construction area. Construction activities will require road closures; however, immediate local traffic will be provided access. Street access will be reopened each day.

After the water mains have been installed, Shauger will notify you when the RW owned portion of the service line, supplying your residence, will be replaced. At the completion of the project Shauger will also be responsible for restoring pavement, driveways, sidewalks, lawn areas and other features damaged during the work.

We regret any inconvenience and appreciate your patience and cooperation.

Please do not hesitate to contact me or the office of Ridgewood Water at (201) 670-5520 should you have any questions or require further clarification. In the event of an emergency regarding the upcoming work please contact xx at the number below.

Sincerely,

Shauger Property Services, Inc.
