

Public Notice

Ridgewood Water, Village of Ridgewood
Bergen County, New Jersey
EASTSIDE PFAS TREATMENT FACILITY
State Project No. 0251001-004

In accordance with procedures established to evaluate projects that have applied for assistance under the New Jersey Environmental Infrastructure Financing Program (EIFP), a Level 1 environmental review has been conducted on the proposed project, which will involve construction of a new 1,550 sq ft drinking water treatment facility to remove PFAS contaminants mandated by the NJDEP. In addition, the project includes the installation of approximately 4,300 linear feet of raw water main from the E. Saddle River Well and the Salem Well to the treatment facility. The proposed treatment facility is within the existing property boundary of Ridgewood Water's Eastside Reservoir and Pump Station located northwest of the intersection of E. Saddle River Rd and State Route 17, on Block 4803, Lot 3 in the Village of Ridgewood, NJ 07450.

The New Jersey Department of Environmental Protection has made a preliminary decision to assist this project under the EIFP. The proposed project costs are as follows:

Proposed Project Cost: \$6,100,000.00

Proposed Loan Amount: \$6,100,000.00

Upon written request, the planning documents and the Department's Environmental Decision Document will be available for public review at Ridgewood Water, 111 N. Maple Ave., Ridgewood, NJ 07450, attn: Yolanda McCollom, ymccollom@ridgewoodnj.net.
