

Lead Service Line Replacement Program

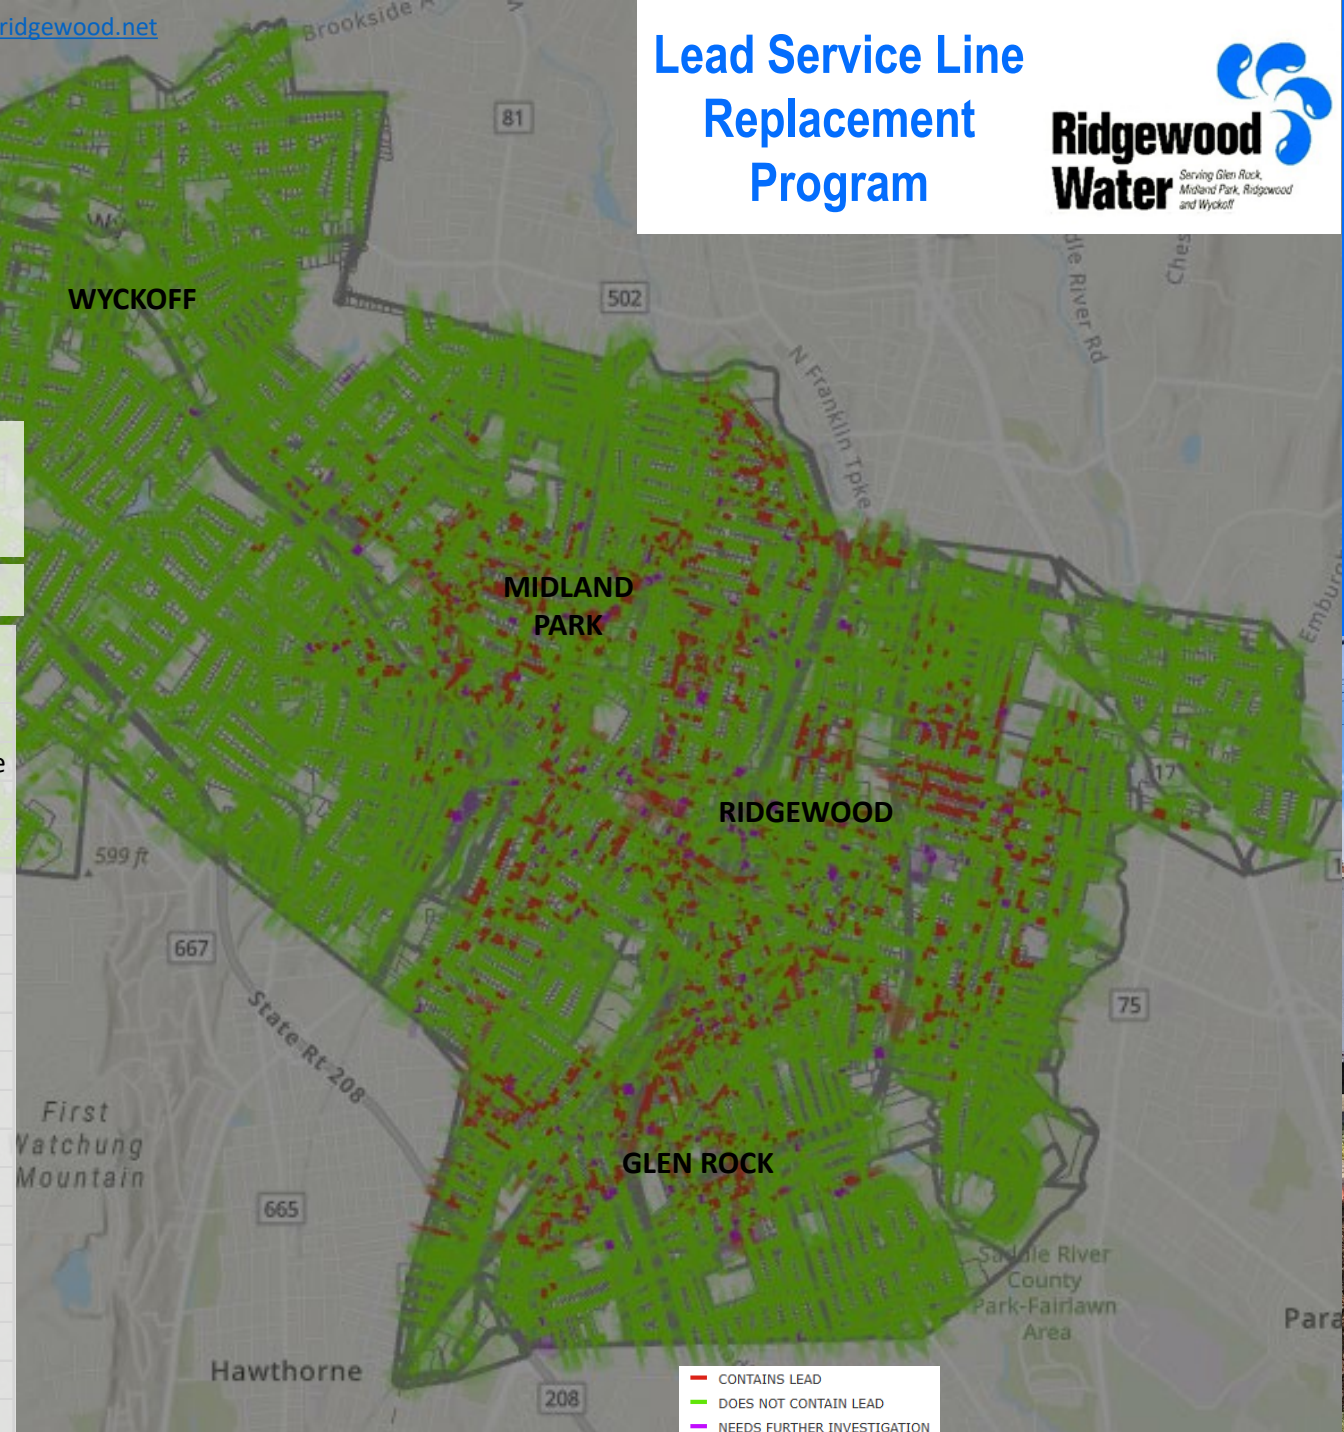

Ridgewood Water has contracted with Reivax Contracting, and they are installing new copper service lines for 500 properties who opted-in to the program for the 2025-2026 Contract 1.

Reivax has multiple crews operating throughout Ridgewood Water's service area. Each job takes approximately 2-4 hours, and police will be on-location to assist with traffic control and accessibility.

Your patience is greatly appreciated as we work to Get the Lead Out!
