

NOTICE OF CONSTRUCTION ACTIVITIES
MOUNTAIN PFAS TREATMENT FACILITY
336 Holly Drive, Wyckoff
April 2026

Re: MOUNTAIN PFAS Treatment Facility - Deliveries of major treatment components

As you are aware, Ridgewood Water has contracted with Coppola Services, Inc. to construct a PFAS Treatment Facility at the site of our current water utility facility at 336 Holly Drive. This project is part of Ridgewood Water's commitment to investing into the future sustainability of our water system and executing the PFAS Treatment Master Plan.

Construction activities began in December 2025 and are planned to continue through October 2026. Two major construction deliveries are coming soon:

Friday, April 17th – GAC Vessel Delivery & Installation

- **Two, 8-foot diameter Granular Activated Carbon (GAC) treatment vessels will be delivered and placed into position with a crane.**
- **Wyckoff Police will be onsite to assist with traffic control.**
- **This activity should be completed between 8:00 AM and 2:00 PM.**

Week of April 27th – Pre-cast Concrete Tank Delivery & Installation (underground)

- **Delivery date tentatively set for Monday.**
- **Several large trucks will deliver the pre-cast concrete components.**
- **Wyckoff Police will be onsite to assist with traffic control.**
- **This activity should be completed between 8:00 AM and 2:00 PM.**

Please feel free to contact Ridgewood Water if you have any questions or concerns. Customer Service can be reached at 201-670-5520, or by email at cswater@ridgewoodnj.net. Your patience and understanding during this process is greatly appreciated and we apologize for any inconvenience to you.

Sincerely,

Ridgewood Water
Coppola Services, Inc.
